

Parallelogram

- opposite sides are //
- opposite sides are \cong
- opposite \angle s are \cong
- consec. \angle s are suppl.
- diagonals bisect

Rhombus

- **ALL** of the properties of a parallelogram **PLUS**
- 4 \cong sides
- \perp diagonals
- diagonals bisect the angles

Rectangle

- **ALL** of the properties of a parallelogram **PLUS**
- 4 right angles
- diagonals are \cong

Square

- **ALL** of the properties listed above

Other Quadrilaterals

Kite

- consecutive congruent sides
- opp. \angle s \cong
- \perp diagonals

Trapezoid

- one pair // sides

Isosceles Trapezoid

- one set of \cong sides
- congruent \angle s
